Air Cleaner

DC AirCube 600

This air cleaner combines ergonomic design with powerful performance – and which, thanks to its low weight, is easy to carry and move when needed. With an adjustable airflow, operation is easily adapted to different areas of use.

The generous filter area ensures a long service life and optimal filtration, while the lockable power cable contributes to increased safety during use. An integrated operating time meter provides full control over use and service intervals.

For increased functionality, the unit is equipped with a device socket. In addition, the design is stackable.

Part No DC AirCube 600

112600	230V /50Hz, EU
112601	230V /50Hz, UK
112608	230V /50Hz, CH
112509	230V /50Hz, AU
